

**WHALES, DOLPHINS & PORPOISES  
AROUND VANCOUVER**

**What's out there?**

with

**Bailey Eagan, B.Sc.**

**SATURDAY, APRIL 16th, 2016**

**2:00 - 4:00 pm**

**West Vancouver Memorial Library**

Join Research Analyst Bailey Eagan for a discussion about current whale research, an increase in sightings around Vancouver, and how you can help conserve vulnerable whale, dolphin, porpoise and sea turtle populations in B.C. A Research Analyst with the Coastal Ocean Research Institute's Marine Mammal Research Program, Bailey's work is primarily with the B.C. Cetacean Sightings Network, a 15-year-old citizen science project that collects sightings of whales, dolphins, porpoises and sea turtles throughout B.C. Have you seen any whales lately? Find out why the B.C. Cetacean Sightings Network wants to know!

**SPRING FLOWERS in  
LIGHTHOUSE PARK**

with

**JANET CANNING**

**SATURDAY, APRIL 30th, 2016**

**2:00 - 4:00 pm**

Janet Canning is a biologist who has recently retired from a long career as a Biology Laboratory Supervisor at Capilano University. Over the years she has led many student ecology field trips into the local forests. In her youth, Janet spent a summer as one of three Park Naturalists for Lighthouse Park. Janet will share her love of the park on a guided walk to look for spring flowers in bloom. Meet at the upper kiosk in the parking lot.

*Signed prints of botanical illustrations by Lyn Noble, which have been donated to LPPS for fund raising, will be on sale in the Phyl Munday Hut from 3:00-4:30 pm.*
